

APPLICATION TO INCLUDE P2 IN A NATIONAL RANKING SHOW

P2 – SpeedPass:100 m Pace race with flying start This test is conducted on a pace track, where there should be at least a stretch of 50 m before the start of the timed stretch of 100 m.

1. Show organizer Name .....  
Address .....  
City, State, Zip .....  
Tel. No. ....  
E-Mail Address .....

2. Dates of Show: .....

3.Facility for Show

Name .....  
Address .....  
City State Zip .....  
Tel. No. ....

4. This test is conducted on a pace track, where there should be at least a stretch of 50 m before the start of the timed stretch of 100 m. So a minimum 200 m straightway is ideal , such that there is 50 m before the start of the100 m race track and 50 m after the finish. The start (0 m), midway (50 m) and finish (100 m) points should be marked. (This is a 100m straightway with an additional 50m prior to the start and should have a minimum of an additional 50m after the finish).

5. Measurement of the track must be made with a measuring wheel or tape in meters and must be verified by the Presiding Judge.

Has Pace Track been used in the past for a NR or WR event? YES/NO

6. What type of automated timing (this is preferred) device will be used:.....

7. Would you like to borrow an approved timing device? YES/NO (an additional shipping fee will be required)

8. What type of back-up timing device will be used:.....

Judges (see FEIF S3.6.2.3)

Four judges are needed. • judge 1 at the starting line; • judge 2 between the 0m and 50m marks; • judge 3 between the 50m and 100m marks; • judge 4 at the finish line
